Verse 1

The drinks are cold and the deck is hot
It's chillin' time so pick your spot
Bring your cutoffs bring your smile
Leave behind the rat race for a while

Livin' on lake time
There ain't no deadlines on the boat
Livin' on lake time
Your only job is float

The sun comes up and life is good
Drinks go down exactly like they should
There ain't no hands on any kind of clocks
Ain't no bosses nowhere near the dock

Livin' on lake time
There ain't no deadlines on the boat
Livin' on lake time
Your only job is float float float yeah
Float float float

I've been waiting all week for this
And now I don't know exactly what day it is
Got nothing to lose but daylight
And these swimming suits at midnight
Just live it up livin' on lake time

Inst.

Verse 3

Take a dip or drop a line
Do a shot or sip some wine
It don't matter what you do
These good times are a 100 proof
