### Verse 1

If I could I would trade you places  
Take your troubles and your broken smile  
I'd build your dreams as big as oceans  
In another space and time

### Prechorus 1

You can do it you don't need no help  
I'll be cheering you like no one else

### Chorus

One of these days will find you  
Tears behind you  
You're gonna fly  
Gonna find your place  
One of these days  
One of these days

### Verse 2

Someday you're gonna paint your rainbow  
Straight across a piece of Georgia sky  
Tuesday's tears and Wednesday's worry  
Will all be left behind

### Prechorus 2

Only winners know the pain you know  
Losers gave up long ago

### Chorus

One of these days will find you  
Tears behind you  
You're gonna fly  
Gonna find your place  
One of these days

### Bridge

Go ahead and cry just a little  
But I'm telling you  
One of these days
